ORKŁ-125 Lamp

DESCRIPTION OF THE RENOVATION

The offered lamp has undergone a comprehensive renovation, sanding steel and aluminum elements, applying a very strong powder coating (body – RAL 7016 structure, lampshade – RAL 1036 premium line), all new screws, nuts, washers, installed a new electrical installation based on certified materials.

Bulb with E 27 base, the maximum power of the bulb: 120 W.

It is possible to individually select the color of the lamp based on the RAL color palette both in powder coating and the spray pattern. Optional spray varnish on request: mat, semi-gloss or gloss.

Ordering a non-standard color or colors of the individual components of the lamp is associated with a prolonged waiting time for the product and individual pricing.
