

# ORPE (ORP-250 E) Lamp

**Price:**

**Dimensions:**

Height: 65 cm

The diameter of the glass: 49 cm

Weight of the original: 20 kg

Weight of the restored lamp: 10 kg

## PRIMARY USE

This indoor lamp was designed to illuminate factory and workshop spaces, sport halls and other industrial rooms, where there was dustiness and a chance for mechanical damage.

**Manufacturer:** Mesko Zakłady Metalowe Skarżysko Kamienna, Armii Ludowej 1  
Time period: 1970s

## CONSTRUCTION

The case made of steel sheet primarily covered with stove varnish. From the bottom, closed with a glass prismatic diffuser allowing to obtain a rational light distribution with reduced luminance.

A lampshade covered with a steel mesh adapted for hanging with a handle located on the junction box, or mounting in any position using a 1/2" threaded tube.

Bulb with E 27 base, maximum wattage 100 W.

# ORPE (ORP-250 E) Lamp

## DESCRIPTION OF THE RENOVATION

The offered lamp has undergone a comprehensive renovation: sandblasting of steel elements, application of a very durable powder coating – RAL 1036 premium line, a steel mesh protecting the lampshade, grille holders of the lampshade and the mesh – new galvanic coating – galvanized. All screws, nuts and washers are new.

A new electrical installation based on certified materials.

It is possible to sand and polish the lamp to a high gloss with clear lacquer in gloss or mat, as well as to individually select the color of the lamp based on the RAL color palette both in powder coating and the spray pattern.

Optional spray varnish on request: mat, semi-gloss or gloss.

Ordering a non-standard color or colors of the individual components of the lamp is associated with a prolonged waiting time for the product and individual pricing. The vintage version is a form that retains the original patina of age (lacquer, rust, scratches, discoloration and other traces of use), a new electrical installation based on certified materials.
