Price:

Dimensions:

Overall height: 66 cm

Height from the ground to the seat: 37 cm

Leg spacing: 45.5 cm

Seat width: 33.5 cm

Depth: 37.5 cm

Weight of one piece: 3.5 kg

PRIMARY USE

Two pieces of Adam Stegner's chairs designed for Elmar Flototto manufactured in 1960s.

CONSTRUCTION

The chairs are made of rosewood combined with the so-called plastic pagwood and pressure profiled together. The steel structure of the legs is in the form of skids covered with a layer of chromium. Very comfortable and fitted to the back. Flexible backrest.

The chairs are signed with the producer's signature and serial numbers.
