

# Midcentury Polish Table Lamp

Price:

**Dimensions:**

Height: 32 cm

Diameter of the base: 13.5 cm

Diameter of the lampshade: 20.5 cm

Weight: 1.2 kg

## DESCRIPTION

Polish table lamp from the 1960s produced by Warszawska Spółdzielnia Rzemieslnicza (Warsaw Craft Cooperative).

## CONSTRUCTION

Two-part round base is made of profiled sheet. Inside, there is a stabilizing cast iron filling.

In the upper part of the base, installed a switch and an elastic chrome steel arm ending with an oval bowl with a bulb holder for thread E 27. The whole is covered with an original characteristic paint coating with the effect of wrinkled paint, the co-called "orange peel". The inner part of the reflector is in silver.

The lamp has undergone a professional service of the electrical installation, a switch and a plug have been replaced. All cleaned thoroughly, preserving the original varnish and patina of time.
