Diameter of the lampshade: 13 cm

Depth of the lampshade: 12 cm

Weight of one piece: 1 kg

Cable length: 2 m

DESCRIPTION

Modern design, two pieces of table lamps produced in Germany in the 1970s.

CONSTRUCTION

The base and the lampshade are made of pressed steel sheet and covered with an original black and white varnish. The arm of the lamp is made of an elastic brass flat bar that gives the possibility of setting the lampshade position. The light switch is located on the top of the base. Original bulb holder for E-27 thread.

RANGE OF RENOVATION

The lamps have been thoroughly cleaned with the original lacquer coating retained. Electric wire in black cotton braid, a new plug. The materials used have a safety certificate.
