DESCRIPTION

The polish table lamp model St-1 was produced at the turn of the 1960s and 1970s by Zakłady Sprzetu Oświetleniowego ZAOS Wilkasy Gizycko. Stylistically, it is one of the more successful models of Polish Industrial design from this period.

CONSTRUCTION

The body of the lamp is made of pressed steel sheet. There is an original pistachio varnish retained. The inner part of the lampshade is in white. A Flexible chrome arm, massive and stable cast-iron base with the company's signatures on the base part. The original electrical installation is after a thorough professional service. The lamp is suitable for E-27 thread bulb.
